

STAT/CSSS 503: Assignment 3

Jeffrey Arnold

May 17, 2017

Instructions

This repository contains the assignment instructions. Submitted solutions will use a **separate** repository.

1. Fork UW-CSSS-503/assignment-2017-3-submissions repository to your account.
2. Edit the file `assignment-3-solutions.Rmd` with your solutions to the problems.
3. Submit a pull request to have it graded. Include either or both a HTML and PDF file.

This assignment will require the following R packages:

```
library("AER")
```

0.1 Problem 1

Bailey (2016) Ex 9.1

0.2 Problem 2

Bailey (2016) Ex 9.2

0.3 Problem 3

Bailey (2016) Ex 9.4

0.4 Problem 4

Bailey (2016) Ex 9.5
